

Sir

As Mess^{rs} Tracy's have a quantity
of excellent Cordage just arriv'd from France, I think it
will be advisable for Captain Matignon to send some Officer
to Newbury Port to examine it, & if it will suit, to receive
such an quantity, as may be wanted. The price is Twenty
Three dollars, & One third p^{ct} and for the payment you
will please give them a draft on me.

Pray let the accounts for the
America be made up, and sign'd, to the 10 January
at which time the Consul General will settle
aw

All my accounts, and pay the balance. Let them
be drawn in my name as usual, so that the
Commission may be charged by me.

The sooner those accounts are forwarded, it will
be the more agreeable.

I am, Sir with sentiments
of esteem Yr most Obedt^l
