

Sunday Afternoon

I went to meeting
 this forenoon and saw something
 that I never saw before there was
 six New Converts came forward
 was sprinkled I call it but he call
 it baptizing they partake of the Lords
 Supper and the Minister wanted
 them to come forward so they mind
 partake of the Lords Supper they
 held a meeting last night for the
 purpose of examining the converts
 and they have a mother this evening
 and they have one every night during
 the week — I had almost forgot to

tell you how far it was to Boston it is
 45 miles I think my vaccination
 took that is I had a pretty Sore
 for a long time but I have not looked
 to see where there was my scar left but
 I presume there is for it had not been

well & grate while when I left
you were to know if I wanted a box
sent - they have boxes come near but I
dont think that it would pay to send
me one perhaps they would allow me
to eat the witters and perhaps they would
not I have not but any thing at the
dutter but a few apels I have thought

of buying some butter but I have not
yet it is 50 cents a pound. I dont
think of writing more to write as
often as you can give my love to all.

I received a Gospel banner last night
yours respect fully
