In addition to the above, any damages voluntarily committed in the community of Students, are charged to the individuals committing them, when known; to the whole body, when not known, under the name of Extra Contingencies.

The above estimate of expenses is, of course, considerably diminished in the case of those students who take advantage of the resolution of the Board of Trustees, which provides for a remission of their bills for tuition.

A Student admitted to an advanced standing, unless from another College, is charged, to the Sophomore Class, \$7; to the Junior, \$10; to the Senior, \$12.

Students whose circumstances make it necessary for them to take schools during the winter season, are permitted to be absent from their classes for that purpose.

PAYMENT OF BILLS.

It is provided by a resolution of the Board of Trustees :

1. That no Student shall be permitted to enter on a second, or any succeeding Term, until he shall have paid, or secured to the satisfaction of the Treasurer, the fees of the preceding Term.

2. That no Student can have an honorable dismissal from this College, or certificate of his previous attendance in it, until all his bills are paid, or satisfactorily secured.

3. That any student, whose circumstances render it necessary, and who shall present satisfactory testimonials of that fact, provided he proves himself a worthy member of the College, and his under-graduate course is completed in this Institution, can have his bills for tuition remitted.

ABSENCE FROM COLLEGE.

The portion of the year allotted to vacations is so great as to render it quite unnecessary for the Students to visit their friends during the Term, except for urgent and unforeseen reasons. The occasional loss of a day, cannot fail to have an unfavorable bearing on the intellectual habits and standing of the Student. It is hoped that parents and guardians will concur with the Faculty, in their opinion of the inexpediency of granting leave of absence in ordinary cases.
