

you must not worry  
 about me for if will  
 not do any good I  
 or in getting along  
 wisely and I  
 out of my way I  
 got no care I  
 more or less I  
 to stay in your  
 get out before I  
 hope it will  
 be my fault  
 however before  
 that I  
 any time  
 and  
 after  
 perhaps  
 I will  
 1868

Dear Sister  
 Portsmouth  
 R. I. June  
 you  
 to all  
 use  
 may  
 find  
 you  
 all  
 will

I was very glad  
 to get your letter to night for  
 it is the first one that I have  
 received this week and I  
 have been looking for you  
 & members I have not had one  
 from Mr Cox for a long time  
 I should like to know what  
 the reason is I think that the  
 letter must have got lost  
 perhaps he has gone to his  
 Reg before this time, but  
 I don't think that he neglect  
 writing me if he had but  
 I shall write to his Reg if  
 I don't hear from him before  
 long and see if I can find

out where he is it has a week  
a month since I heard from  
him and I think that he  
must have read — if he got  
my letter, the mother is  
very pleasant here I have  
just got back from visiting  
my lessons and it is most  
six a clock there is a class  
sitting now but I did not  
go down it is the Grammer  
Class I think that I shall  
drop that it comes about  
the time that the mail comes  
in and I have got Algebra  
and I began that first and  
think that I will try and  
keep it along if nothing happens  
I think too many branches spoil  
the whole; I may think that I  
am in a poor place and they  
are very strict but I am

Contented hear and think  
that I should not get so  
good a chance in <sup>it</sup> all places  
to study as I do hear and  
I think that is quite a  
Privilege we subjects are not  
apt to be Contented any where  
and in fact there is many things  
that <sup>don't</sup> ~~don't~~ agreeable hear and  
if it went for those things  
that I have mentioned  
I should not like so well as  
I do now but with those  
things included I am very well  
contented where I am and  
prefer being hear then to  
be in some places that I  
have been; I saw by the  
paper to night that there  
is a lot more who there was  
hear they probably will get  
hear to massaw some time

I am sorry to hear that Sazania  
 has been sick again but hope  
 she will be better before this  
 letter reaches you she is just  
 got so she can get out around  
 and she is now taken down  
 sick again I was in hopes  
 that when it got to be warm  
 wether she would get up  
 smart again but it seems as though  
 it did not last long. Saturday morning  
 I did not finish your letter last night  
 and so I will add a few lines to it  
 this morning the sun has just peeped  
 up his head from behind the hills they  
 have to get up. Early this morning  
 far it is scrub day and they are all  
 at it. it is a splended morning every  
 thing is very still and when I  
 look out upon the green fields it  
 makes me want to get out and to  
 them, Mary had not got her letter  
 I take it as you did not mention  
 it I have answered all my <sup>letters</sup> up to this  
 one. I received a couple of papers the  
 other day and felt quite pleased with  
 them; if you ever read this letter you will  
 do well, yours write soon from Seth
