

U. S. Sanitary Commission.

9th A. C. Hospital
City Point. Va Jan 21th /65
Mrs Brown.

Since I last wrote, the body of your husband has been embalmed, so that it could be sent to his home or elsewhere in case of application. I suppose Government would pay the expenses to Washington. From there, the expenses would have to be paid.

His features remain about the same, as they were before death. His body is dead, but his soul is alive in Christ Jesus.

Yours with respect
Jerome Walker
H. S. San Com
