Father Divine's Remarks at the Banquet Table, 20 W. 115th St., New York City, Sunday, January 21, 1934, 11:30 A. M.

It was truly "a mixed multitude,"-to use a Scriptural term,-that gathered around the great Banquet Table of Father Divine, and filled the Auditorium and Banquet Hall, at 20 West 115th street, New York City, better known as The Kingdom, on Sunday forenoon, January 21st. They came from all the ends of the Earth, from every so-called race and nationality, and from every walk of life, ranging from former prize-fighters to Ministers of the Gospel and Truth Teachers, and from those of the Underworld to those high in Society. Though they were in many bodies, they were in one heart and in one mind, as they Praised Him Who had brought to them the Spirit of the Consciousness of the Presence of God by materializing this Presence in a Body. So it was a mighty Voice of thousands that sang in one accord:

'It won't be long, before the World knows Father is God.

It won't be long, before the World knows Father is God.

They'll know He's ruling in the Land, With a true and unprejudiced Hand, Everything's at His Command, Whether they will or not. The very breath they breathe, Is done with Father's leave. For He is Lord of Lords and King of Kings. If they live an Evangelical Life They will inherit Eternal Life, For these are the Words of Father Divine, The True and Living God.'

Race? Child of God!

This Song was sung by the Inspiration of the Spirit to a tune resurrected from the jazz world, known as 'Some of these days.' The Song was followed by a testimony from a former medium-weight World's Champion Boxer, who openly confessed his sins and told of how he had been saved from death the day before, by calling upon Father's Name when he had been apparently knocked unconscious by an automobile, in the midst of swiftly moving traffic. When he was hit he was saying Thank You Father, and when he regained consciousness he was still saying it, the result being that he had only a slight bruise on the face. He gave thanks for many other blessings and asked that Father keep him in His Love, promising to live an Evangelical life in the future.

Further reports of Father's Presence and Power, and of how the people are becoming conscious that God is in the Land, came from Washington, D. C., when it was testified that one of the Followers had found it necessary to file some legal papers with the Washington Police Department which required him to designate some race or color. He declined to call himself such, and wrote in the space, 'Child of God.' This was refused by the officials at first, but when he mentally and spiritually contacted Father and went back a second time, they readily accepted it and put it on the records that way.

A-plenty for All

all,' for every real Believer in God. Real- mental brownies to work, and they would izing that God is your real Creator, Maker, and Father, Mother, Sister, and Brother, and knowing within yourselves you never had another, you will come into possession of your rightful Inheritance, and not merely as an 'Heir and a Joint-heir with Christ,' but 'of all of His Fullness' shall all we receive, Grace for Grace. It is indeed Wonderful! That is your privilege, dear ones, to receive not only as 'an Heir and a Jointheir with Christ,' but 'of all of His Fullness, Grace for Grace.'

To Fathership Degree

Then I say, It is Wonderful, yet why DO merely these things that you see ME doing? It is free for one, it is free for all, but you must recognize this Ever-presence of God and deny your mortal versions of things concerning yourself and everything else. Realize, 'To him that is natural, all things are natural.' Jesus, as a Person, the great Love Master, came as an open expression, as a Sample and as an Example,-It is indeed Wonderful,-to show mankind just how they can live, to ascend to the Fathership Degree. It is indeed Wonderful! You cannot ascend even to the Sonship Degree, until you relinquish your mortal claims on the material plane, of every mortal version, and live in this recognition of your rightful Inheritance, from a Spirtual point of view and not from the mortal. It is indeed Wonderful! It is not anything to marvel at, it is just as operative for you as it is for Me, but you must recognize your at-onement with Him that Liveth forever and forever. But how can you be one with Him, unless you first become to be one with Him mentally and spiritually, denying your mortal versions of things and living in this recognition by a complete self-denial and a whole hearted consecration? It is indeed Wonderful!

For the Great Name's Sake

When you shall have relaxed your conscious mentality with all of its preconceived ideas and opinions, with all of the theories and doctrines of men, and with all of their versions, and when you live in this recognition, the very Spirit of God's Presence within you will be quickened, and will sponsor this great Cause for the Great Name's Sake. It is indeed Wonderful! You will no longer be seen as individuals, neither will you be heard as individuals, but the Spirit of God's Presence will be expressed and manifested in you, and you will be seen and known as The Son of God, as being termed Jesus. That is a great mystery, and vet it is not mysterious when you come to the recognition that it is the actual trans-

work for you automatically. It is indeed Wonderful! Dialing in through your mechanical radio receiving set, you can get the message from the broadcasting stations even in California, or other far States, yea even from other Countries,-especially when it is a National, or an International hookup. It is indeed Wonderful! Being a National or an International hook-up, the very hook-up will bring the message to you through your nearest broadcasting station, in your vicinity or nearby, and you will get the message distinctly. It is indeed Wonderful!

Message Through the Ages

This Message has come through the Ages. Jesus, of course, for this Dispensation, and for the children of this People, as being termed Christendom, was the main broadcasting station through which this Message came,--it is indeed Wonderful,--but it was not confined to that Person that was called Jesus alone, for the Message came through and by others. It is indeed Wonderful! was unfolded in them and conveyed to the children of men according to the individuals' consciences,-It is indeed Wonderful,-but they could not observe the Fullness of God's Understanding until in the latter time when they would relax their conscious mentalities. It is indeed Wonderful! That is why Christ, in the Person of Jesus said, 'If you hear of any man enquiring after Me, tell him I said first deny himself.' It is indeed Wonderful! That is why man has not, and cannot bring into materialization these limitless blessings that I am producing and manifesting, because they have not brought their bodies into subjection.

Then I say It is Wonderful! Truly might the Apostle have said on one occasion, 'I must take heed to my body and bring it into subjection, lest I, myself, after I have preached to others, be a castaway.' Thou-sands and thousands of people of today, have become to be castaways although they have preached to others, because they were not willing to bring their bodies into subjection. It is indeed Wonderful! The hour has truly come, God has Glorified His Son, and all men must recognize it by the unfoldment of the limitless blessings that we are now manifesting, and that those of you that are true and faithful are coming into possession of. It is indeed Wonderful! 'If I do not the Works, believe Me not,'-It is indeed Wonderful,-but if I bring into materialization every desirable blessing, who can defeat it or dispute it righteously? It is indeed Wonderful!

To Call Nations Together

abundantly blessed. That is the great significance of the 'international-ality' of God, and the 'inter-racial-ality' of God and the 'interdenominational-ality' of God. It is indeed Wonderful! God's Wisdom, Knowledge, and Understanding, could not be bound nor confined to a limited degree of expression. God, as Spirit, and as a Mind, as Omniscience to the children of men, is as electricity was in the beginning of the invention. Of course it was seen and observed to have been confined to a bottle once! It is indeed Wonderful! But this Love is going forth from shore to shore and from land to land, and all of the people of the Earth shall eventually understand, God has made Himself flesh and made Himself material, that He might meet the material and mortal, or natural conditions of things, and be Omnipresent, and be Omnipotent and be Omniscient." He did have to come in all of these expressions, to have All Wisdom, All Knowledge, and all Understanding, and to be present everywhere. It is indeed Wonderful!

Fount of All Wisdom

Now I need not say another Word after the similitude of men. The Spirit of My Presence and the Presence of My Spirit is Working within, and this Omniscience of Whom you say I am is actually inspiring men and women collectively speaking, with Knowledge, and Understanding. It is indeed Wonderful! Then I say, dial in on the Fount of All Wisdom, All Knowledge, and All Understanding, for it is a Principle that 1 am advocating. It is that, and it is operative without a person, but yet it is with AND without a person. It is indeed Wonderful! That is why nothing can overcome this Truth, and nothing can prohibit it, for it is operative without the person and it is also operative WITH the person, when the person is brought into subjection to this Fundamental that I am advocating. It is indeed Wonderful!

Then as you see it in this, and all of My Dining Rooms and Auditoriums, filled to overflow, I am teaching a course in practical psychology, the Science of Abundance. It is indeed Wonderful! Any psychologist could come and observe the Abundance of the Fullness of the Consciousness of good, no space is vacant of the Fullness thereof.' This, I have put forth into expression as an outward unfoldment for the children of men. that they might observe the Abundance and dial in on same, and produce it in their own experiences. That is a logical psychological point of view, is it not? It is indeed Wonderful! Therefore we are going forth conquering and to conquer, and they WILL desire to see Me wheresoever I am and with-

subjection, they too, as well as you, will be within themselves that they can do the same. It is indeed Wonderful!

No More Wolf at Door

Positive thought will bring positive results. It is indeed Wonderful! Negative thoughts will produce negation and the negative results in your systems and in your consciousness. It is indeed Wonderful! Therefore I set forth as a Sample and as an Example for the children of this People, an expression of practical psychology in the way of manifesting Abundance for them, that they might gaze upon the Abundance, and sighings and sorrows, wants, lacks and limitations and depressions, will be a thing of the past. It is indeed Wonderful! Those that are with Me have not seen a day of depression. It is indeed Wonderful! They don't know whether depression is a chicken or a wild wolf. They don't know anything about wolves. It is indeed Wonderful! We do not have that kind of animal in our country. In our State of Consciousness wolves cannot come. It is indeed Wonderful! Talking about "a wolf at the door!" Just to the reverse, there has been expressed the actuality and reality of Santa Claus made real on the material plane, bringing all good things for his children. It is not imagination nor supposition any more, it is your conscious realization, for you can see it brought into materialization. Even though they have come through the Commercial world - many of the limitless blessings we are now enjoying-they WILL come to My Command. It is indeed wonderful!

For this cause we are rejoicing and we are exceedingly glad, and the Spirit of My Presence and the Presence of My Spirit will continue to sponsor this cause with or without My Person, for it is operative without the Person, and it is the same with it,--it cannot be defeated, it cannot be hindered by the person, for it is Infinite. I thank you.

Speaking a second time at the Banquet Table after a short interval, Father said :---"Peace everyone! Here you are and there I am,-there I sit and here you stand. It is indeed Wonderful! At this particular time I rise to make a few announcements, as something has just been called to My Attention. It is indeed Wonderful! There are still lost and found things being advertised in the New York News, the weekly Paper, and also in The World Echo, our two Publications that we are READING, as they are carrying My Message and the Message is given freely. It is indeed Wonderful! Although these are Commercial Papers, they carry My Message. For this cause I am contributing to them and I am giving each these Papers different ectures. Each will carry a different Message, and will also carry the Lost and Found Column until further notice. It is indeed Wonderful!

in to be advertised. The owner can have it for the asking if it can be identified. It is indeed Wonderful! And here is another purse also, I will not say what is in it, but apparently it has some money in it. This purse, no doubt, was lost and found somewhere around the Kingdom or in this Dining Room. This purse that was found in Jersey apparently has some money in it also,quite a little, I don't bear record how much. It feels like there may be some in it, but I am not bearing record of it you see, saving to advertise it. It is indeed Wonderful! There are many other lost and found things advertised in these two Papers weekly, and aside from the things that are advertised there are many things lost and found such as rings and purses, and rings of 'Reverend Divine' and other things of that kind. It is indeed Wonderful! Many of these we do not especially advertise. If any of you think you have lost anything, we will gladly turn it over to you. It is indeed Wonderful! Not only that, but if YOU desire to advertise anything that has been lost and found, you can send your name and address in, and whatsoever it was that was found. You do not even have to bring it to the Kingdom or to My Office. for we would be glad to advertise it without any thought of seeing it, for we believe whatsoever you say will be true, we don't believe you would try to advertise anything that you did not have., If you have found anything, if you advertise it and give us your name and address, you can keep it and give it to the parties when they come and call for it.

Spirit Present Everywhere

Now our Public Meetings are going on continually, and today as usual, in all of our Public Meeting places,-right here, up in the Auditorium, and also at 103 West 117th street, - 204 West 63rd street,-and also at 160 West 126th street, New York City. In Newark, N. J., they are at 51 Bedford street, and also at School and Wickliffe streets, and in Brooklyn, at 406-408 Gates avenue. At 2033 Claggett street N. E., Washington, D. C., our Public Meetings are going on, and in Baltimore and practically all of the Eastern Cities, as well as the Western Cities, and the Spirit of My Presence is present wheresoever they are. Mother just said, quietly, 'And don't forget Bridgeport, Connecticut,' -- our beautiful Bridgeport Home, the place from which I just came on My return here, Mother and others coming with Me. We wish to say, our Meetings are going on there daily. Those that are destitute are being fed, the same as they are here. The Work is growing by leaps and bounds, you are spreading 'the tidings round,' wheresoever man is found. and we are proving to the World conclusively and collectively, yea even universally. The Comforter has truly come.

For this cause we are rejoicing and we are exceedingly glad. The Spirit of My Presence and the Presence of My Spirit is increasing and multiplying the unfoldment and the manifestation of these blessings in the gathering together of the different Assemblies wheresoever they may be found. It is indeed Wonderful! It is not that the Spirit of God is increasing,-it is not inosing neither is the Love ing nor multiplying, but it is expressing itself and unfolding itself in the different individuals, and drawing millions and millions together as individuals, through whom God will express Himself effectively. It is indeed Wonderful!

These were but a part of the mighty stream of testimonies to Father's Glory and Honor, that came forth from the great Throng, but there were greater things to follow. During the latter part of the Banquet Father-arose Personally, in the midst of a great Demonstration of Love from the Assembly, and when this subsided He Sang and Spoke as follows:---

'There's a-plenty, a-plenty, there's a full and a-plenty,

There's a-plenty, a-plenty for all, Of food, and of raiment, of houses and shelter.

There's a-plenty, a-plenty for all,

'Eat, drink and be merry, of the limitless blessings,

There's a-plenty, a-plenty for all, Oh Praise your Dear Saviour, make an open confession,

There's a-plenty, a-plenty for all,

Only Real Fundamental

"Good health, good will and good appetite to one and all I bring, for these are some of God's Creations that He has brought to the children of men, and it is your God-given right to partake of them so long as you will Evangelical and come to your rightful inheritance by recognizing this Ever-presence as the Real and the only Fundamental. It is indeed Wonderful!

For this cause I have said, and still am saying, good health, good will and good appetite to the children of men, and for each and all of them that will bring their bodies into subjection to Him. It is indeed Wonderful! It has been the privilege of man since the Creation of the World, to be in possession of these limitless blessings that we are now enjoying, but they have barred themselves from them by getting out of Fellowship with God, the great Creator of all things-it is indeed Wonderful!-and by denying themselves of their rightful inheritance and heritage, by not bringing their bodies into subjection, and by trying to live in a selfish state of expression, segregating themselves off, or in other words discriminating themselves in different groups, and races, creeds, and colors. It is indeed Wonderful!

Learn Significance of Unity

If mankind could only learn the great significance of unity of aim and of purpose, how great it would be for all of the people of the Earth! It is indeed Wonderful! They too, as well as you or Me, would be in possessions of these limitless blessings that we are now enjoying. The things that are on the material plane, they are all at your disposal, if you will live Evangelical and will do as I have told to do. It is indeed Wonderful! Just think of it! Limitless blessings are flowing so free, if not for others, they are for ME, and this is a sketch and a reflection, you can plainly see it manifested on the material plane that man might understand, yea, that even the most material of all the Earth can actually see, there is a reality in this Teaching that I am advocat-

Make Moderation Known

For this cause we are rejoicing, to let YOU see and understand, 'God is not a God afar off,'-(pointing to the sky),-'but God is a God' right here 'at hand,'-(taking up a coffee pot). Then I say, 'Rejoice in the Lord always, and again I say, rejoice, let your moderation be made known unto all men, the Lord is at hand.'-It is indeed Wonderful!,-verifying my original Composition for consideration,-'The Spirit of the Consciousness of the Presence of God is the Source of all supply, and it DOES satisfy every good desire.' Do you not see the children of this People being satisfied? They are satisfied by this recognition, and by living in the Consciousness of same the Spirit of My Presence has quickened their physical bodies and they are living in this recognition, GOD IS HERE AND NOW. It is indeed Wonderful! Oh that man could but learn the great significance of making that declaration! It is indeed Wonderful! The declaration that God is WITH them! That is the Mission of Christ on Earth among men, and 'His Name shall be called Immanuel,'-It is indeed Wonderful,-'being interpreted, God is with us.' Do you not see, that was the very Mission, and it is the very essence, of Salvation?

If you go back to the fundamental Principle, the Foundation of Christendom, it is 'His Name shall be called Immanuel, being interpreted, God is with us.' It is indeed Wonderful! Now unless Christendom gets back to that place in consciousness, they have lost their power, and they will not contact it, and they will not feel the Spirit of My Presence, until they recognize it and are consciously 'convicted' to this recognition, even also as you are. It is indeed Wonderful! You must hook up with the Fundamental, and live in this recognition, and the Spirit of My Presence will be WITH you in reality. It is indeed Wonderful!

God Is With Us

Take these thoughts into consideration. Oh it is such a glorious privilege and it is such a glorious opportunity, I say, to live in the recognition of the Presence of God, where doubts and fears pass away, where Christ has truly come to stay, and God has wiped all tears away. It is indeed Wonderful! Getting back to the Fundamental as I aforesaid, the very Foundation of Christendom,-Jesus,-it was declared of Him, 'His Name shall be called Immanuel,'-It is indeed Wonderful,-for His Name, being interpreted, means, 'God is with us.' It is indeed Wonderful! That is the Key-note to Salvation, that is the Key-note to success and prosperity, that is the Key-note to all of the mysteries and the blessings that 1 am manifesting. Through your recognition and My Conscious Realization, I am bringing into materialization every desirable blessing imaginable. I thank you."

LOST CONTINENTS ARE A PUZZLE FOR MAN

Ancient Distribution of Land However, the conditions which make more plausible the folktales of Atlantis and the Pacific land by some called Mu and by others Lemuria (although Haeckel's hypothetical Lemuria was in the Indian Ocean) are easily understood after a glance at the distribution of land in Permian times, which was a modest 200,-000,000 years ago, and a long time before man, or even mammals, appeared on earth. So the Atlantean theory could not be evolved out of the inherited subconsicousness of man, for he did not exist when Europe and America were joined in the north and nearly so in the south, nor when in another period the great sea of Tethys, of which the Mediterranean is a modest remnant, stretched out and became a globe-girdling sea of the tropics. None of these things are remembered.

But the Atlantis legend as it exmountains and ridges are found ists came originally from Plato, there they will go far to confirm who in the "Critias" says: the previous existence of Lemuria,

"According to the Egyptian as they convinced Captain Mayo tradition, a common war arose 9,000 years ago between the nations on this side of the Pillars of Hercules (the Straits of Gibraltar) and the nations coming from beyond. On one side it was Athens; on the other the kings of Atlantis. We have already said that this island was larger than Asia and Africa, but that it became submerged following an earthquake and that its place is no longer met with except as a sand bar which stops navigators and renders the sea impassable."

There have been dissentients from this negative viewpoint, however, chiefly Termier, who in a book on the legendary islands of the Atlantic by William H. Babcock, published by the American Geographical Society, is quoted as saying:

"The extreme mobility of the Atlantic region; the certainty of the occurrence of immense depressions when islands and even continents have disappeared; the certainty that some of these depressions date as from yesterday, are of Quarternary age, and that consequently they might have been seen by man; the certainty that some of them have been sudden, or at least rapid. See how much there is to encourage those who still hold out for Plato's narrative. Geologically speaking, the Platonian history of Atlantis is highly probable."

But whether the recent continent found under the Pacific is the land of Mu or Lemuria, or part of old Gondwana, or just a land mass which subsided without ever having been inhabited, is one of those things, which, as Lord Drundeary said, "no feller can find out."

"Do Not Involve Me with Race, Color or Creed" **Testimony of Blind Instantly Cured** Father Divine's Remarks at the Banquet Table, 20 West 115th Street, New York City, Monday, January 22nd, 1934, 10:45 A. M.

Songs of Praise and testimonmerry hearts, and filled the air around the great Banquet Table of Father Divine, at 20 West 115th Street, New York City, better known as The Kingdom, when Throngs filled the great Dining room, Monday morning, January 22nd. There were many visitors present from far and near, as always, and in addition to Father's regular Staff, -seated at the Banquet Table were several representatives of the Newspaper Field, being Connections or friends of the new Publication, 'The |World Echo', carrying Father's Message.

Among the many testimonies that stirred the great gathering to Songs of Praise for the Presence of God with all of His Attributes, which the People see in Father Divine, came a testimony from a Brother who had been instantly healed of blindness in one of Father's large Public Meetings in Jersey City, N. J., some time previously. The testimony was in part as follows:-

'If you will let Me, I will let and Understanding, to the chilyou. I will let you, I will let you.

If you will let Me, I will let you, I will let you too.' "Good health, good will, and

good appetite, success and prosperity and Peace, and health and Love from God, be multiplied. If you will LET Me, I will LET you. In the Beginning of the Creation of the World, God said, 'Let there be', and there it was! In this Dispensation the same Spirit is speaking within the people as a Presence, saying, 'Let', and so it will be,-that is if you will 'Let' Me. It is indeed Wonderful! But remember, you must let ME, as well as you desire Me to let YOU, for I have long since said, and it has been verified by one and all, here you are and there I am, there I sit and here you stand. I had been totally blind in 1918 and 1919, and I put on glasses at that time, but could only see dimly with the right eye. The left eye was absolutely no good to me even with the glasses. Isn't it Wonderful? My Father, in Jersey City on that Sunday, ten months ago, moved those glasses from me. You know nobody but God could do what My Father did that Sunday. Those glasses went up to the ceiling and came back down on the Stage, and did not break, but I was healed. And Father, you said three things to me, or you said, 'I have put three things into you. blind, have been mentally and spiritually blind,-and they too, as well as you, though they have been physically strong and physically qualified to meet the issues of life, have not been mentally and spiritually qualified. They have been mentally and spiritually blind. But since they have believed in Me, although they were blind, now they can see. It is indeed Wonderful! The blindness of the physical eye, is but an outward expression of the condition of the mind within. When you believed vividly and enthusiastically, and were willing to let go through relaxation, the very Spirit of My Presence reproduced the sight in expression, and brought to fruition this which we have now called in question. It is indeed Wonderful!

Your sight was, and is, God,and it-has always been, for God loaned Himself to the children of men in the name of the five physical senses, to lead and to guide them. It is indeed Wonderful! physical senses, as they are terial plane,-that they might see and observe the Presence of God among them. Those that are materialists, naturally they would not believe unless you gave them some physical facts. It is indeed Wonderful! Therefore I gave them a physical fact in the experience of this last Speaker, causing them to see physically that he could see, and it was apparently a mystery, but it was not mysterious to Me. I knew he could see from the beginning. It was only the yeil of materialism and the theories and doctrines of men that had veiled God in him, and prohibited God in the name of sight, from expressing through him as it had been. THE NATIONAL MIRROR

How a Republican Can Lick a Democrat "President Roosevelt shocked the

nation with the announcement of a \$32,000,000,000 debt that is about ready to be hung like a Damascene blade over the heads of the already distressed taxpayer. . . No one got any comfort out of it except the Republican party whereon they hope to hang a tale."-A Washington Columnist. The Republican party is de-

lighted that they have found in the extravagance, so they call it, of the Democratic party, to make a hard and fast case. In other words, it is a shut and closed affair. The Democrats have in profligate disregard of every economic law put the country in the red in excess of seven billion dollars.

Senator Dickinson feels particularly outraged and indignant. He regards himself as more or less the spokesman for the Republican party. It is very impolite to say so, but some claim that he wants to be President, seeing that President Roosevelt has made such a miserable failure of the job. As reckoned in terms of politi-

cal achievement and personnel the Republican party hasn't got a single man that can be elected President of the United States. The leader of the party who will become its Moses is yet in the making. Borah can't do it because he has been their Moses too often. He has been the greatest spokesman of opposition of his time. Instead of lifting up a serpent in the wilderness he has alway lifted up a red flag. He is eloquent, powerful, ponderous, riotous, routing. He is honored and feared, terribly feared, but would be provender in a Presidential campaign where real soldiers march on their

stomachs. Johnson has been too brilliant, vehement, vitriolic.

Norris wouldn't have it. His monument is already built and any other monument wouldn't be as high as the one he's got. He is the one great Progressive that has fought like a tiger and stands out like a titan.

LaFollette is too busy with a few details in Wisconsin. This covers pretty well the list of the Progressives.

As for the old stand patters, the die hards, the Tories of the Fess, Mills and Dickinson type, the less said the better, for the price of ink is going up with all the rest of the stable commodities. There is no more of a chance for any one of the old politica! school to get into the Presidency again than there is for a peddler of wet blankets to sell his wares on the White House lawn.

So far as the Republican party is concerned, as is, the case can best be stated in the cold type of history, Front an archeological and panteological point of view that is where the Pro-Magnon mun gets his fame; so also the Pithecanthropos, as well as the Dinosaurus. Do not the anthropological trophies of the Metal Age, to which it can ascribe its fame, repose with splendor in the archives of antiquity, when human beings were less than stone in foundation and steel in girders? Shall the race descend to the perfidy of baseless ingratitude when rossils cease to be ornaments of a glorious era? I believe in doing justice to the Republican rarty. even if we have to add a few wings to the Museum of Natural History.

But what has been will be again. Let no Democrat get dizzy whizzing around in circles and forget the cycles. That Republican that will lead 'his party is already aborn-he is sucking at the paps of progressivism now! He is young, vigorous, progressive and leader. Democrats! Know your Republicans.

Merely a supposititious case, a hypothesis, if you please. We will suppose that Governor Lehman shall not bend at all. nor allow that young, obtreperous, iconoclast Mayor LaGuardia of New York, who selects his parties as you and I select our ties of varying hues and colors, to do what he wants in order to bring about his reforms, supported by Fusionists, Republicans, Democrats and

Socialists, all alike, should resign as Mayor and take his case to the "up-State" voters and be elected Governor over Governor Lehman; and then suppose President Roosevelt should have a back seat, become a little fearful and reactionary, and not give the people what they want, all of which is already so radical that it makes the cold chills run down the spinal column -I say that in that event the Republicans in LaGuardia have a chance to come on speaking terms with the American people again; but if they hope to blast the foundation stones from under the Democrats as stand patters, old guardsmen, Tories and conservatives, they will be left as high as Haman on the gallows that he built for Mordecai.

Since our Republican friends are in grave trouble I am offering, my conscience being without offense, this process in political, alchemy whereby a fossil substance can be dissolved and become an active reagent.

"If a Man Die, Shall He Live Again?"

"He fell at the post of duty."-Washington Dispatch.

A splendid place to be found standing when death has announced his presence.

Travis Harvard Whitney, head of the Civic Works Administration, Washington, died from overwork, having collapsed in his office, and from which he never recovered.

During the last few months there have come to notice many fine examples of such devotion to duty in the service of the government, most of whom are drudging away under the great strain keeping long hours and jeopardizing health and denying themselves a recreation that is necessary for sustained effort. The President is one of them.

We never do so well as when we are working from some high motive in the services of others. All the great leaders of the Roosevelt recovery program are men serving the public at vastly reduced wages and lengthened hours.

Father Divine Is The Sign The World Is After

Bishop Perry of Episcopal Church Moved by Eternal Presence of Father Divine to Seek the Signs

"OUR FATHER'S MESSAGE" At the Banquet Table, 20 West 115th Street, New York City,

On Tuesday Evening, January 23, 1934 Time: Eighty-Forty-five P. M.

THERE IS SOMEBODY HERE AND IT MUST BE THE LORD"

As the Children of the Kingdom sat around the Table, feasting and banqueting to their hearts' delight, a significant and singular little incident occurred, proving conclusively the reality of "Our Father's Words" so often spoken: "There is but one MIND functioning for the common good of all people, and that is the Great Universal Mind." Every one can become a part of this Universal Mind Substance, by dialing in on the PRINCIPLE of CHRIST, or the CHRIST MIND, which is identically the same. There shall be but one Mind controlling the people, and that Mind shall operate in the lives of mankind and transform them unto God, and upon this Earth, they all shall dwell in harmony, peace and Love. This is what the World is striving for and reachout after, but the Pattern, the Sample and the Copy, is in the Hands of One, even as it was in the Hands of Jesus, so is it in the Hands of "Our Father Divine." He not only has the Patternrights, the Birth Rights and the Copyright, but HE is that Pattern, Sample and EXAMPLE for the entire world. Then by dialing in on the PRINCIPLE, even as the brother did at this particular time, when Father was reading an Article, taken from "The New York Times," which read in part: "Bishop James D. Fox Perry ol New York, Presiding Bishop of the Episcopal Church, spoke from the Rostrum of the Washington Cathedral, St. Albans, Washington, D. C., stressing the need for a Spiritual Campaign, and asking that a Spiritual Drive be urged and fostered in an attempt to seek SIGNS of PROMISE beyond the Material Recoveries." At the same time, or just as Father was reading this Article, a brother sang a song and gave a testimony which seemed to be the answer to the Article that was being read by Father: "There is somebody here and it must be Father, there is somebody here and we know it is the Lord." Father spoke on this subject showing the unification of the One Mind, one Aim and one Purpose.

Father Divine Is the Sign

Already in the early days of Nineteen Hundred and thirtyfour, the Clergies are recognizing a Mighty Power on the Earth, that is combatting every evil, and whose influence over the people is quick and powerful, changing the sordid and blemished lives of mortal man into Spiritual Beings, causing them to express the "Brotherhood of man and the Fatherhood of God." They have taken cognizance of this Unforeseen Power and they have become disturbed, for they see the Spirituality of the Church waning, and the interest of the people decreasing. This fact was set forth in an article which came to the attention of Father, and of which Father spoke concerning in His Message. The article was published in "The New York Times," requesting a Spiritual Drive to seek for SIGNS of Promise beyond the Material recoveries. After the reading of the Article, several testimonies came forth, then Father sang for the consideration of all: Every knee must bow.

Life Defended Surpass All Known

Assertions Criticized by Bishop Manning

Defending his belief in immortality, Bishop William T. Manreplied to the assertion made last wee' by Dr. Howard Lee Mc-Bain that man's belief in an afterlife had been greatly weakened by the progress of science.

Dr. Manning preached Sunday in St. Paul's Chapel, Columbia University, where on the previous Sunday Dr. McBain, dean of the graduate faculties of the university, had delivered the address at the annual commemoration service

Although Dr. Manning did not refer directly to Dr. McBain, who characterized immortality as "a wholly unproved fact," his sermon obviously was intended as a reply to that attack on one of the church's fundamental doctrines.

To Dr. McBain's declaration that the certainty of an after-life "would have graver and perhaps more devastating effects upon us than certainty of extinction," Dr. Manning replied that "it is the lack of belief in a future life which breeds cynicism and despair and paralyzes men's souls with a sense of the futility of human life."

PEACE! PEACE?

The race must be fed, clothed, housed and transported as well as taught and healed. Two years ago President Barclay granted me authority to exploit the Golas. This land, over 100,000 acres of virgin soil, is rich in resources, timber, palm oil, gums and other marketable things. Last year the Hon. Gabriel L. Dennis, Secretary of the Treasury (now Secretary of State) for Liberia, placed at my disposal 700 acres of private land on the St. Paul River only eight miles from Monrovia for colonization purposes.

I must begin at once to develop these lands or give them up. To carry out my program experienced men and women are needed. There is work enough to keep 5,000 workmen busy for ten years. I do not want men to go to Liberia to look for work; they must be paid for their work. Before January 30th, at least 20 workers, timbermen, sanitary inspectors, engineers, agriculturists, farmers, carpenters and masons shall leave for Liberia to begin work on the St. Paul concession before going into the Galos.

To carry out this extensive venture, more financial help is desired. I know that you have your troubles. I am aware of the fact that you can hardly exist; I agree with you that you need help now. That is why I am detemined to find employment for thousands who are as hard hit by the depression as yourself. I do not want one cent from you for nothing. I am not asking you to go to Liberia against your will. I want you to assist me to help you and others to get more happiness out of life.

The race has built up the U. S. A., Central American countries, especially Panama; the time has come for it to build up Liberia. I am leading the way and I want you to come with me. Help me to send these men out to Liberia. You can do your share by subscribing for our weekly magazine, Universal Contact. This inspirational magazine will come to you each week for 52 weeks for only ONE DOLLAR. You can afford a dollar to help this cause, you can help me to send these men to Liberia. You know that if the tace loses this opportunity to colonize Liberia, it may never remain its loss.

Send one dollar for a year's subscription for Universal Contact, and convince the people of Africa that we are not jokers. I have made it possible for you to sit under your own vine and fig tree---now do your part---you can and you will; if you really want to be happy.

One explanation that the awe-stricken inhabitants have given is that the gods of the Himalavas had meted out this punishment because they were incensed at the attempts of men to "peep" into German people," continued Curtheir dwelling place by flying above the crest of Mount Everest, the highest peak in the world.

The irrationality of this explanation is evident. The fliers were backs upon Germany and believed all Englishmen. The Indian inhabitants had nothing whatever to do with either planning or executing that flight. If the "gods were actually angry" they should have meted out punishment to those guilty Englishmen who had planned and carried out that flight. Why should they strike the innocent?
