Number 25

Earlier Commencement To Draw Many Alumni

Dormitories Crowded With Returning Graduates

REVUE RE-BOOKED

Senior Ball, Alumni Parade, Receptions to Highlight Seniors' Last Weekend

Hamilton College's Commencement this year, besides being the earliest in the history of the college, will probably be one of the best alumni-attended graduations in over a decade.

More returning alumni will be staying in the dormitories than ever before, and for the first time, the alumni will also parade around the campus in regular martial style, instead of joining in the Monday morning academic procession as they usually have.

The last four days on the Hill for the 92 graduating seniors will start with a retake of the Buff and Blue Review at 8 o'clock Friday, May 22, for the benefit of the alumni. The senior ball, scheduled for 11 o'clock, is still in the speculative stage.

Saturday will be given over almost entirely to alumni activities with an Alumni Council meeting at 9 a. m., the alumni parade at 11:30, and the alumni luncheon and annual meeting at 12:15. The Clark Prize Oration is scheduled for 3 o'clock, Mrs. Cowley's tea for women guests at 4, and fraternity and class reunions later in the day. Athletically inclined graduates are welcome to sandwich in playing in the annual alumni golf tournament at any time during the day.

Reverend Dr. H. Adye Prichard of Mount Kisco will deliver the baccalaureate service Sunday at 11 a. m., and the annual meeting of Pentagon members will be held at 12:15 in the home of Wallace B. Johnson. Class Day exercises are slated for 2 o'clock and a choir recital at 3:30. President Cowley will hold his reception from 4:30 to 6, and fraternity receptions after that will precede the campus sing at 9 o'clock.

On the last day, the academic procession will start at 9:30 a. m. and the commencement exercises will begin at 10 o'clock. After that the seniors will have become full fledged alumni.

Cowley Asks Hutchins' Cooperation in Study Of Liberal Education

During his trip to Chicago last week to attend a meeting of the Problems and Plans Committee of the American Council on Education, Dr. Cowley called upon Dr. Robert Maynard Hutchins of the University of Chicago to suggest that the educators should cooperate and not weaken liberal education by fighting among themselves.

Mr. Cowley in particular proposed that Mr. Hutchins lend his support to the broad study of the backgrounds and purposes of liberal education which Mr. Cowley suggests in his article which is to appear in the June issue of the *Atlantic Monthly*.

Mr. Hutchins, said Mr. Cowley upon his return to the Hill, answered that he would "think over the idea."

Four New Members Tapped For Was Los

Was Los, junior honorary society, has so far tapped four sophomores, Douglas W. Kuhn, Windsor H. Beebe, Roy E. Julie, and Warren J. Kelley, in that order to constitute the membership for 1942-43.

Kuhn is a member of the football team, Quadrangle, D.T., and recently was chosen to represent his class on next year's Student Council. He is a member of the Delta Kappa Epsilon Fraternity, and comes from Buffalo.

Beebe is on the basketball team and is a member of D.T. He is a member of the Alpha Delta Phi fraternity and is from Wakefield, Mass.

Julie is a member of the football team, on next year's Student Council, and was recently named to the Session of the College Church. He is a member of the Sigma Phi Fraternity and is from Rye, N. Y.

Kelley plays on the soccer team and is a member of the Theta Delta Chi fraternity. His home is in Brooklyn.

The last two members will be tapped after chapel today and Friday. The last man selected will be rolled into the college fountain as per tradition.

Seniors Satirized At Boo Revue By Faculty

Though the members of the faculty meant no take-off on the *Buff and Blue Review*, they did take advantage of the opportunity to get even with some members of the senior class in their *Bluff and Boo Revue*, which was "broadcast" from the Commons studio of station H-A-M with an I of the Deep Purple Network of the Continental Broadcasting Company Tuesday evening at 9 sharp.

In four parts, the first part of the faculty *Bluff and Boo* nemesis featured Wallace B. Johnson as Ted Fallon and Thomas M. Johnston, the lit ace, questioning the "most accomplished Hamilton senior", Wentworth D. Fling, who made Hamilton's station WHC from a vague idea, wood, steel, and plain persistence. David H. Beetle made clever lead-ins to William B. Marsh's professional "Hustle Bubble Soap" commercials.

Edward C. Gullion, who did such a grand job directing the *Buff and Blue Review*, conducted a quiz entitled "What's My Name?" for the second feature, but not to be outdone by Hollywood's double features, the faculty presented two more parts to their program. Robert B. Rudd, as Major Bowes, put the talented faculty amateurs Berrian R. Shute, Wallace B. Johnson, Paul A. Fancher, and Edgar B. Graves through their paces.

After the seniors had "Told the Truth or Paid the Consequences" in the fourth part of the program, refreshments were served.

The Senior-Faculty Parties have long been a feature of Hamilton life. When Dr. Ferry was president, the faculty wrote and produced original drama. Under President and Mrs. Cowley there have been a faculty picnic for seniors, a cafe society sort-of-affair in which certain seniors participated, and last year the presentation of *The Male Animal* in an atmosphere of movie posters in the fencing room of the gymnasium. But if roses were given to the members of the faculty for their performances in the past, orchids must be given to them for their work in this year's *Bluff and Boo Revue*.

Choir Gives Single Public Recital Friday

The lone opportunity to hear Hamilton College's famed choir in a public recital this year will come Friday, May 8, at 8:15 in the First Presbyterian Church, Utica. The choir, which has abandoned its New York City trip for the first time in two decades, has foregone other recitals this spring because of the college's accelerated defense program.

The works of Bach, Palestrina, and Brahms will be included in the choir's program as well as two widely known negro spirituals, "Walk About Jerusalem" and "Certainly Lord", and a finale, "Hallelujah Chorus" from Handel's "Messiah".

The Hamilton Choir, widely known for its skill in interpreting the world's best choral music, has made recordings, has sung over national radio networks, and, for its New York City appearances, has won commendation from metropolitan critics.

The Utica appearance is being sponsored by the Woman's Society of the First Church to raise funds for carrying on the work of the church.

Squires Elect Officers

In the annual elections held Tuesday evening, the Squires Club elected Milton Kayle, '43, as president for the coming year. The other officers elected were: Vice-President, Marcello Rotundo, '43; secretary, Arnold Keller, '45; treasurer, Vincent Cardone, '43; assistant secretary - treasurer, Frank Miller, '45; intramural representatives, Marcello Rotundo and Shulman, both '43. Kayle and Rotundo became Interfraternity Council representatives.

Honor Court Pens Altered System Laws

After voting to continue the Honor System during summer sessions by an almost unanimous ballot, the Hamilton College student body will have the new constitution of the Honor Court presented to it for a vote as soon as it has been gone over again by the Honor Court Committee.

The new constitution if approved by the student body will include the following outstanding changes:

1. The penalty for a fraud is now left up to the court with a set maximum and minimum penalty. The maximum penalty will be unconditional expulsion from college; the minimum, failure on the paper in which the fraud was committed.

2. Daily papers and laboratory work are not to be covered by the pledge unless the teacher so specifies.
3. Nominations to the Honor Court are to be made by the outgoing Committee and the college will vote on these nominations. This applies only to sophomores and freshmen—the juniors holding their seats without re-election by student vote.

4. After all convictions, an oral review of the case will be presented to the faculty by the chairman of the Committee, but any other member of the Committee of the Honor Court may attend this review if he so desires. Only on the approval of the penalty by the faculty will it become final and be announced to the student body.

The "feeler" question asking whether a freshman should be elected to the Honor Court or not resulted in a plurality voting against having freshmen on the Honor Court, and for having two sophomores instead of one to make up the loss of the one freshman member.

Next year, the Honor Court is planning to send out cards to the incoming freshmen asking them to sign a pledge saying they will abide by the Honor System.

Classes to Compete For Singing Trophy

Keen competition is expected in the annual interclass sing this coming Sunday evening as the three lower classes attempt to prevent the Class of '42 from winning the Hamilton College Singing Trophy for the third straight year.

The seniors, in defense of their laurels, will sing "Psalms", the N.Y.U. Alma Mater, and "Walk in Jerusalem", a Negro spiritual, as well as "Bright Hamilton", which all four classes are required to sing. Junior selections are "Cross the Campus", an original song by Gil Grout, and a jazzed up version of "Oh, Nellie".

The sophomores have chosen to bank on "And Did Those Feet in Ancient Times" and an unannounced Negro spiritual. The freshmen will sing Beethoven's "Ode to Joy" and "Nobody Knows De Trouble I've Seen", a spiritual.

Judges will be Mrs. Boyd C. Patterson, Prof. Berrian Shute, Prof. Paul Fancher, and Dr. A. P. Saunders.

Ristine To Address Phi Beta Kappas

The second induction ceremony of Phi Beta Kappa for the present college year will be held in the Huntington House, Saturday evening, May 9, at 8:00. Following the induction, Dean Frank H. Ristine will read a paper entitled, "Shakespeare: Idolotry and Skepticism". Seniors to be initiated into Phi Beta Kappa at that time are Binder, Schepsis, Lindley, McGhee, O'Donnell, and Barton. Hans Kessler, now serving in the United States Army, will not be present for the ceremony. He will be initiated by proxy and will witness the ceremony on his return for commencement later in the month.

College to Present Five With Honorary Degrees

Hamilton Dances At Bond Ball

With war savings stamps replacing corsages and the huge Hamilton banner serving as the only decoration, 600 undergraduates, dates, faculty and alumni were all-out for defense to the music of Len Fennell at the Buy-A-Bond-Ball in the Alumni Gymnasium last Friday evening.

Defense Weekend Tops Expected Aim By \$200

Hamilton's Defense Weekend Committee netted approximately \$800 to \$1000 in its drive to fill the coffers of the Hamilton College War Chest. Detailed and final financial results of the weekend have not yet been determined, for items such as the amusement tax, cost of using the gymnasium, and other miscellaneous expenses have not been ascertained.

Enthusiastic undergraduate support of the affair made it possible for the committee to exceed its \$650 pre-party objective by approximately \$200.

Assisting the drive, most of those attending the function purchased defense stamps instead of corsages for their dates, thereby adding to the total spent—or to be spent—for the defense theme. Individual contributions by those not attending the weekend's activities is also a substantial sum and is also still to be determined. The last undetermined department is of alumni contributions which will also help raise the final figure.

Some fraternities have divided up the expenses of the weekend among all their members including those who did not attend house-party to make the per capita burden of extra food and help smaller and more equalized, believing the cause of the weekend calls for full support from everyone.

Newman Breakfast Slated for May 17

Plans for the annual communion breakfast of the Newman Club were discussed at the regular monthly meeting held in the South College lounge last Monday evening. It was decided to hold the breakfast after the 8:30 mass on Sunday, May 17, in the hall of St. Mary's Church, Clinton. William J. Woods, '22, editor of the *Utica Observer-Dispatch* will be guest speaker. Annual election of officers will also be held.

The following committee was appointed by Vice-President Pomilio to be in charge of the breakfast: Ken Whiting, '43, chairman; Orlando DelVecchio, '42; Bill Stoutenberg, '42; Roger Rudd, '44; Bill Dirolf, '42; Bob Abernathy, '45; Jack Callaghan, '45; Larry Allen, '42; Bob Bankert, '43; Mat Hartman, '44; and George Merrill, '44.

Following the business meeting, Stoutenberg will read a paper on "The Authenticity of the Bible".

W.H.C. Hopeful For Summer Broadcasts

WHC plans to continue its broadcasts this summer provided there are enough students interested. Mr. Fling stated that because he does not know just who will be here this summer to run the station, he can not be sure that it will stay open. However, WHC will remain on the air.

Included in the plans for the summer session is the introduction of frequency modulation programs. Experiments have already been made on the Hill with the revolutionary innovation. As a member of the Intercollegiate Broadcasting System, trial P.M. broadcasts were made by WHC for the first time last Thursday. Despite imperfections, the results were very promising and Mr. Fling believes that once the special aerial is installed, the reception will be perfect.

"Inexperienced" Editors Take Magic 1-2 Course

by H. F. Zaehring

To start our answer to "Nota Bene" (an improvement in the *Continental* if we ever saw one), we must say that the "quite inexperienced staff" which produced the last issue has certainly learned heaps about magazine publishing in the past month. The staff must have taken Art Stout's Magic 1-2 course on the side. So let's cross that reason off the list and let the joy be unmalicious.

Second, we really didn't intend malice when we called the cover of that now famous issue "a green splatter"—we were just echoing a pretty general sentiment (we held it ourselves), and there wasn't much wit in that echo.

Third, we aren't exactly happy about the fact that the present editors of the *Continental* think that the only reason we dared criticize the magazine was because we were going to graduate and thus wouldn't have to face the anger in their glances. Had we another year on this Hill, we would still say the same things. After all, we have always believed in editorial frankness.

We are sure that if we say some pleasant things about the

Count Sforza, Carmer To Receive L.L.D., L.H.D. Degrees

TWO HILL ALUMNI

Bishop, Lawyer, Editor to Receive Recognition With Graduates

Five men representing the fields of religion, law, politics and journalism will receive honorary degrees at Hamilton's 130th Commencement Exercises, May 25.

Those to receive degrees will be Count Carlo Sforza, visiting Political Science lecturer, Doctor of Laws; Carl Carmer of Cortland, Doctor of More Humane Letters; Bishop Edward H. Coley of New Haven, Conn., Doctor of Divinity; Thomas J. Mangan of Binghamton, Doctor of Law; and Henry R. Luce of Greenwich, Conn., Doctor of More Humane Letters.

Count Sforza, cousin of King Emmanuel of Italy, and former high-ranking member of the pre-Mussolini cabinet, came to the United States from France, and is well-known throughout the world for his opposition to the Fascist front in Italy.

In addition to serving on the Italian cabinet, Count Sforza has been ambassador to Turkey, France and other leading countries of Europe.

Author Honored
Carl Carmer, class of '14, who received his Ph.M. and M.A. from Harvard, is one of the best known writers of the present day. His most recent book, *Genesee Fever*, is at the present time on the best sellers' list. Among his other well-known works are *Stars Fell on Alabama*, *Listen for a Lonesome Drum*, and *The Hudson*.

During the period from 1917 to 1924, Mr. Carmer taught at Hamilton, Rochester, and Alabama, and in 1924 became a columnist on the *New Orleans Morning Tribune*. In 1928 he became assistant editor of *Vanity Fair* and in 1928, editor of *Theatre Arts Monthly*. In 1930 he began his career as a novelist.

Bishop Coley is a graduate of (Please Turn to Page Four)

Post Mortem

Jinrikisha, Compliments, No Gossip, and Research

Under the heading, "It's a Rick-sha, Mr. Woolcott, Not Jinrikisha", the *Chicago Daily News* pulled one of its want ads from the classified advertising section and gave it special attention:

"WANTED—Jinrikisha, preferably one originally used at Chicago Century of Progress. Address Alexander Woolcott, Bomoseen, Vt."

For 7½ inches, the *Daily News* described how the Town Crier of the Air planned the operation of a jinrikisha to transport his guests the 100 yards from the wharf to his large guest cabin on "The Literary Alcatraz". The ad was hailed as giving "dramatic testimony" of the return to health of the author.

To continue the string of compliments throughout this issue, some praise should be given those responsible for the smooth functioning of the past weekend. Everything worked out just about perfect. Even the weather came through to make the time-out period a distinct success.

The usual number of housepar-

ty "incidents" occurred last weekend, but they will not be repeated in this column. It is the aim of the author to keep just plain gossip out of this corner. After all, if a fellow makes a fool of himself—or is made one of—he certainly doesn't want 450 people to know about it. However, some mention should be made of one fellow's spanking his date and sending her to bed for misbehaving while another had a more unique problem—his date brought her mother along.

A research bureau, polling periodical reading tastes of the Class of 1940 in 36 different colleges and universities, recently released its findings, and Hamilton appears to have the most interested readers in its five top magazines. Time and Life were each supported by 84.9 per cent of the 1940 seniors, the *New Yorker* by 71.7 per cent, Collier's by 56.7 per cent, and the *Saturday Evening Post* by 45.3 per cent. The total Hamilton percentage is 343.5, while Princeton, ranking second, had 297.1 per cent reading its first five periodical selections.

HAMILTON COLLEGE, CLINTON, NEW YORK

MERGER

With the possibility that this may be the last issue of *Hamilton Life*—or a *Hamilton College* weekly publication—in its present form, some comment is called for on the tentative plans for the projected *Continental-Life* merger.

We feel that the idea has potentialities for making a worthwhile publication, something better than adding both *Life* and the *Continental* as separate entities. The *Continental* staff will have the advantage of working regularly, and the reporters on *Life* will have to make their stories more worthwhile and more concise than they have been.

Also, it has always been realized that *Life* was more weekly review than a newspaper, and a news magazine seems to put publication of the stories in the form they should logically assume.

The best suggestion at present is to follow the style of *Newsweek* in dividing the stories into groups and arranging the lesser material behind the lead story with one or two line heads breaking up the page. For example, most of the stories in *Life* could be classified into groups such as defense, administration, sports, and organizations. Such classification would lend itself to a clear and well-formed makeup.

If some publications reductions are necessary for next year and the Publications Board passes the proposed merger, the *Hamilton Life* staff is going to do its best to insure the success of the new publication.

Help guard against

"PINK TOOTH BRUSH" with Ipana and Massage

A BRIGHT, sparkling smile is so important to good looks! Don't risk "pink tooth brush"! Give your gums as well as your teeth proper care!

But if your tooth brush should flash that warning tinge of "pink"—see your dentist at once. You may not be in for serious trouble, but let him decide. Usually, however, his verdict will be "gums robbed of work by our modern soft foods"—"gums that need exercise for better health." And, as so many dentists do, he

may suggest the healthful stimulation of Ipana and massage. Get an economical tube of Ipana at your druggist's today. Each time that you brush your teeth, massage a little extra Ipana into the gums. For Ipana is especially designed not only to keep teeth bright and sparkling but with massage to help the health of the gums as well. Help keep your smile attractive the Ipana way!

IPANA TOOTH PASTE

MUSICAL NOTES

by Lee H. Bristol, Jr., '45

The Interclass Sing comes next Sunday, that dented pill that is devoured annually during an epidemic of college traditions. Ostensibly, this custom of a capella singing by the student body is a great idea. But in reality, these sings are dreaded by most of the undergraduates, for there will be no time satisfactory for rehearsals, no co-operation about these meetings, and a complete lack of interest. (Needless to say, the present senior class is a glaring exception.)

The Interclass Sing should be a splendid tradition and one anticipated pleasantly by all the college community. Interest in this event should be cultivated, so that pride will be taken in what is done in an effort to do a good, not merely a passing, job. Co-operation on the part of everybody is an essential quality sadly lacking at present. If this co-operation could be achieved, doubtless, interest in the common effort would be stimulated immeasurably.

If the Interclass Sing is to be continued, provision must be made for a rehearsal time, satisfactory for the majority. This time must become inviolable; nothing must interfere. Unless this becomes the case, treating these sings with any degree of seriousness will be altogether ludicrous.

We were glad to see that the "just college songs" fog into which these Sings had fallen has been dispelled, and some originality in the choice of numbers has been employed. The Brahms lullaby, Beethoven's "Ode to Joy", and an original song are three examples of this breaking away from the customary rule, "college song medleys are the nuts!"

Although the freshmen will doubtless perform none too brilliantly Sunday, the class will be out there, nevertheless, gulping down their pill with all the rest.

DR. HARRY D. SHEPARD
 —Optometrist—
 506 Seneca Street, Utica, N. Y.

FORUM

To the Student Body:
Hamilton College Publications face a serious cut in their budget next year, due to the expected drop in enrollment. As I hope you know, your publications fees allow us to publish. Under the revised budget, none of the publications can function as it has during the past years.

Here is the proposal now pending action by the Publications Board: Combine *Ham Life* and the *Continental* into an entirely new publication, sixteen pages, size nine by twelve, to be run by both of the staffs, and to appear weekly throughout the college year. If you brush off your multiplication tables, you will find that in actuality each of the divisions is getting a raise in the number of inches of print available.

From the business point of view, such a "set-up" is ideal for the selling of advertising and subscriptions; hence, it may reasonably be expected to be better than self-

supporting, leaving practically the entire student fee for the Hamiltonian, which, I assure you, can use it. The plan makes for a more colorful publication. In fact, it will be the first of its type in the college field. What we ask then is your blessing and co-operation in the undertaking of our new enterprise. The tremendous amount of work involved will be done willingly, if the workers know that you are behind them in their effort to save Hamilton publications from extinction.

The Greatest Air Army in the World
Needs Flight and Ground Crew Officers

NOW FOR COLLEGE MEN A NEW OFFICERS' TRAINING PLAN

★ New Deferred Service Plan Allows You to Continue Your Education

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here — an urgent need here — for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students — men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes — aged 18 to 26, inclusive — can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

\$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid \$75 a month, with subsistence, quarters, medical care, uniforms, equipment.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot — and be well started on your way to serve America and advance yourself in aviation.

Three Enlistment Plans for College Men

Juniors—Sophomores—Freshmen May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)

MANY BRANCHES OF SERVICE

There are also commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from \$183 to \$245 a month.

ACT AT ONCE

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation—the great career field of the future—this is where you belong. Your place is here—in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information now.

NOTE: If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today—you can then complete your enlistment before any Aviation Cadet Examining Board.

Along the Way

by Bob Rosenblatt

Why do we have an Intramural Sports program at Hamilton? Do we have such a program so that one team may prove to be the campus that it not only is the best aggregation in the college, but that in addition to its defeating all other teams, it is also top team in batting or fielding; or do we have such a program so that as many students as possible can enjoy themselves?

This is all by way of introducing an attitude which we have noticed on the part of several teams, but particularly on the part of one. This attitude is one which is in direct opposition to the spirit of Hamilton. To win no matter what the cost in either self-respect or sportsmanship is something that counters directly the meaning of athletics. The word "sports" is self explanatory.

But without further beating about the bush, we shall go to the point. We saw a game which was a runaway. During the course of the game, several members of the winning team hit the ball for what the score-keeper scored as errors on members of the other team. Heated arguments ensued during which time the scorer said, "What difference does it make anyway? It's runs that count;" to which one player replied, "We want to keep our batting averages up".

We feel that certain good players who had rather high batting averages made very bad sports out of themselves. One player who had been batting at a .777 clip but went hitless in this game, gave vent to his emotions by claiming that the scorer was a bad sport. The player in question after getting up to bat four times was credited with a base on balls, a fly-out, and getting on base twice on errors. He claimed vehemently that the scorer had "gypped" him on purpose only because he was jealous and a bad sport. Because he, the scorer, couldn't bat any higher than .143,

he was accused of trying to intentionally and with malice aforethought chop down the averages of all those who were doing well.

Perhaps the scorer was overly strict in crediting hits, but he was trying his best to follow the rules which, as everyone knows, entail a great deal of judgment in determining the difference between hits and errors. But our point is that in our intramural baseball games, individual averages should not play so important a part.

The team to which we referred has a bad enough reputation already as one which is always out for blood. And the individual to which we referred, insofar as he himself is concerned, seems to us a very unimportant, self-centered person who seems to have no manners or good taste. But in the larger sense he is an example of the kind of thing we must get away from. We must reserve Intramural Sports for pleasure and fun—not as antagonistic, ego-building vehicles.

Last week John Doe lost 2 beans because while the Sigs and the Buffs came thru, the Yanks, Phils and Syracuse golf team didn't. The bankroll now stands at eight bucks which means John can only make four bets this week.

1. Tennis team to win all three of its matches this week—2 on each.
2. The Froggy tennis team to split its two matches.

DENTISTRY

The field of dentistry today offers to college students an attractive career. It provides a worthy intellectual challenge, a life of professional service with satisfactory income, and an opportunity for research and teaching in this division of medical science and art. The University of Pennsylvania has prepared more than six thousand graduates who are occupying positions of importance in the profession throughout the world. Its course of instruction is of the highest order.

Anyone interested in this profession as a life work is invited to apply for further information to

The Dean of the School of Dentistry University of Pennsylvania 40th & Spruce Streets Philadelphia, Pa.

Courtmen Lose To Middlebury By 7-2 Margin

Captain Phil Goulding starred for the tennis team in its 7-2 defeat by a more experienced Middlebury squad here last Wednesday afternoon. He won the only singles match of the day for Hamilton, and with Sunny Dale made up the doubles team which beat the number one and two man team from Middlebury.

Although Middlebury had been defeated by Colgate, Amherst, and Williams this season, these three matches provided the Vermont invaders with the experience which the Buff and Blue racqueteers could not acquire in their two days of practice before the match. The match was well fought, for all but three matches went to three sets.

Goulding lost the first set 3-6, but came back to win the next two by the same score of 6-3. Goulding and Dale also got off to a slow start by losing their first set by a 1-6 score, but playing with the wind took the next two 7-5 and 6-1.

Dale and Steve Richardson, number one and two man respectively, forced their matches to three sets before they were defeated. Ralph Leavenworth, Dick Bagg, and Hank Bissex played the fourth, fifth, and sixth positions respectively. Dale and Goulding were the number one doubles team which defeated Haines and Proctor, the Middlebury combination. Leavenworth and Richardson constituted the number two doubles team and were defeated by a freshman team which has yet to lose a match. Chet Hamilton and Bagg were the number three doubles team.

Although the men have not been selected to play the matches against Hartwick, Albany Teachers, and St. Lawrence later this week, it is expected that the same men will form the team with a probable change in positions.

Intramural Sports

Behind the flawless pitching of George Fetter, the Emersons dusted off the Blue Squires 12-3 last week. Fetter struck out eleven. Squires, while his teammates were pasting Ed Quagliana's offerings effectively. In the second game of the twin bill, the Lambda Chi's hung up their first victory of the season by edging out Delta Upsilon, 13-12. The D.U.'s were leading 12-8 going into the last half of the final frame, but the Lambda Chi's pushed over five runs for the win. For the Lambda Chi's the batteries were Meier and Conner-ton; for the D.U.'s Nesbitt and Sage.

In an exceptionally well-played game, the Dekes eked out a 4-3 win over the Tekes last Wednesday. Although Jerry Lattin and Jim Metz poled homers for the Tekes, the Dekes hung onto the one run lead throughout the game. Barnes did the pitching and Potter the catching for the Dekes. Batteries for the Tekes were Ed Lattin and Kelly. In the nightcap the Buff Squires came back after trailing for four frames to trounce the Alpha Deltas 14-5. Clemen, Del Vecchio, and Graig all had round trips for the Buff Squires. Cardone pitched for the Squires with Rotundo doing the receiving. Masters was on the mound for the Alpha Deltas with Love back of the plate.

The Sigs knocked off the previously undefeated Theta Deltas last Thursday. Behind the airtight pitching of Jim Rhind, the Sigs blasted Warren Kelley consistently and walked off with a 15-3 victory. Julie did the catching for the Sigs, while Emery handled the backstopping assignment for the Theta Deltas. In a free hitting contest, the Chi Psi's turned back the Psi U's 16-9. Bill Doremus hung up his third triumph of the season against no defeats. George Gage suffered his first loss of the campaign. Godsell did the receiving for the Chi Psi's, while McLean caught for the Psi U's.

The Buff Squires continued along their unbeaten path by bowling over the Psi U's 17-6 last Monday afternoon. The Buffs shel-

Hill Golfmen Triumph Over Syracuse U.

Snapping back from its 7-2 loss to Colgate, Hamilton's golf team took the measure of Syracuse University's squad, 5½ to 3½, last Thursday, April 30, at the Drumlins in Syracuse.

Captain Phil Sheridan and George Gilmore led the way for the Continentals with individual victories over their opponents and then combining to win another point for best ball.

Howie Keefe downed his opponent and, teaming with Red Johnson, went on to win the best ball point also. Johnson and Daly of Syracuse tied in individual competition.

Bud Moore and Joe Anderson didn't fare so well, dropping their matches 4-3 and 4-2 respectively. Summary: Sheridan (H) defeated Zurich (S) 2-1; Gilmore (H) defeated Staats (S) 3-2; Keefe (H) defeated McElwain (S) 2 up; Johnson (H) and Daly (S) tied; Jones (S) defeated Moore (H) 4-3; and Bolton (S) defeated Anderson (H) 4-2. Final score: Hamilton 5½, Syracuse 3½.

lacked the offerings of Gage, Loveland, and McLean, while Cardone was keeping the Psi U. bats comparatively silent. Rotundo handled the slants of Cardone, while McLean and Watt caught for the Psi U's.

Organization Briefs

by Arnold H. Osgood, '44

Theta Delta Chi is entertaining two alumni who are known to many present Hamilton undergraduates. They are Stephen Kelly, '40, who is a former chairman of the Honor Court, and Howard Benedict, '42, who is visiting the Hill during a brief vacation from his present home, Camp Croft, South Carolina.

This Sunday prior to the annual interclass sing Alpha Delta Phi will hold a dinner for Utica area alumni, who will be up to hear the songfest.

Following initiation proceedings the fore part of this week, three Psi Upsilon pledges were inducted last night. They are John Wagner, '44, Hiram Green, '45, and John A. Gale, '45.

A faculty-student mustard and hot dog party is being planned by Chi Psi for this Sunday from 4 to 5:30 o'clock. In the event of rain, they will move indoors for tea.

During commencement week, Emerson Literary Society will hold its sixtieth anniversary celebration. Alumni of the fraternity are raising a fund in honor of Edward Fitch, '86, former Professor of Greek and founder of ELS. A portrait of Professor Fitch by a well-known New York artist is being purchased for a house mantel portrait. The other part of the fund will be used to establish a scholarship.

The annual meeting of the Alumni Corporation of Lambda Chi Alpha will be held Sunday evening, May 24.

Corduroy

LOUNGE JACKET

\$8.85

Here is the leisure jacket that's making its mark on campus after campus... McGregor's new Cord Lounger! Tailored of fine, pinwale corduroy, it's light in weight yet just about as durable as tempered steel. Which, of course, makes it ideal for all types of outdoor wear. Come in and try yours today!

WICKS & GREENMAN

UTICA, NEW YORK

Enjoy "high-hat" shaves at "nickel-nursing" prices!

Treat your face to the bracing "KICK" of an Ingram's shave!

WHAT a shaving cream, men—this Ingram's! Because it's concentrated for economy, the smallest morsel works up into a smother of lather that looks like the wake of a transatlantic liner. And what a honey of a performance that lather delivers! It takes the fight out of the most stubborn, meanest whiskers and lets your razor glide through

without pull, sting or nick. But it's the bracing "kick" in Ingram's that makes it so popular—the refreshing "lift" that leaves your face soothed—your skin smooth and comfortable in spite of burning sun, wind or biting breezes... L-u-x-u-r-y—that's Ingram's. Before your next date, try Ingram's. So get a jar or tube at any drug store today.

DON'T QUIT COLLEGE
if you are 17^{THRU} 19 and want to become a Naval Officer!

You can serve your country best by acting on this new Navy Plan now!

YOU WANT to fight for your country! Are you willing to work for it? To toughen yourself physically? To train yourself mentally for a real job in the United States Navy? If you are, the Navy wants you to enlist now. You can stay in college, continue your studies to prepare for active duty in the air or on the sea. And your college will help you do it! In cooperation with the Navy, it offers all freshmen and sophomores who are seventeen and not yet twenty, special training that may win for you the coveted Wings of Gold of a Naval Aviation Officer or a commission as a Deck or Engineering Officer.

How to Become an Officer
To get this special Navy training, you enlist now as an Apprentice Seaman. Then you may continue in college, but you will include special courses stressing physical development, mathematics and physics. After you successfully complete 1 1/2 calendar years in college, you will be given a classification test.

Aviation Officers
If you qualify by this test, you may volunteer to become a Naval Aviation Officer. In this case, you will be permitted to finish the second calendar year of college work before you start your training to become a Flying Officer.

However, at any time during this two-year period, you may have the option to take immediately the prescribed examination for Aviation Officer... and, if successful, be assigned for Aviation training. Students who fail in their college courses or who withdraw from college will also have the privilege of taking the Aviation examination. Applicants who fail to qualify in this test will be ordered to active duty as Apprentice Seamen.

Deck or Engineering Officers
Those who qualify in the classification test and do not volunteer

for Aviation will be selected for training to be Deck or Engineering Officers. In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards. Those whose grades are not high enough to qualify them for Deck or Engineering Officer training will be permitted to finish their second calendar year of college. After this, they will be ordered to duty as Apprentice Seamen, but because of their college training they will have a better chance for rapid advancement. At any time, if a student should fail in his college courses, he may be ordered to active duty as an Apprentice Seaman. Pay starts with active duty. It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

DON'T WAIT...ACT TODAY
