

Nagaw 30 Decr 1819.

M.

We have delayed replying to your favor of
12th ulto in the hope of receiving the seeds
from Kitti necessary to complete the
arrangement between us. We have heard
by last packet that they were drawn out
and partly executed - but we cannot
expect them to come into our possession
before the arrival of the next. There will
ever then however be an objection to
the payment of the rest, unless we hear
from Mr. Poon that he has been satisfied
respecting the proceeds of the produce
which was shipped from the Estate subsequent
to

to the 1st of February, and which he informed us
was to be accounted for by your
agents.
